

MARSS00010 Marine Radio Skill Set

National ID: MARSS00010 | State ID: AC870

About this course

This two day skill set provides participants with the skills required to use a marine radio correctly. This course is a mandatory requirement of the Coxswains and Master 24 Licenses issued by AMSA and DOT, and also results in the official Marine Radio Operators Certificate of Proficiency (MROCP) License issued by ACMA.

Students will learn about:

- VHF, HF, UHF radios
- Different stations and frequencies required for communication
- Operating procedures for routine, distress, urgency and safety communications
- Marine DSC techniques and procedures, public correspondences, Seaphone and
- EPIRBs
- Search and Rescue in Australia
- Marine radio equipment basic trouble shooting and maintenance

Students are required to purchase book AMCMARINE Marine Radio Operator's Handbook Maritime 2013 AMC Marine 21.
