

Work in Agriculture Skill Set (Fee Free)

State ID: AE151

About this course

Work in the Agriculture industry!

The agriculture sector in WA is an exciting and diverse area to work in, and it's not just all about growing crops — it offers an exciting mix of science, technology and nature. From working with livestock to using drone technology to manage large farms, the job opportunities are there once you're skills ready. This new skill set is the ideal introductory training opportunity for new entrants to the agricultural industry.

With the *Work in Agriculture* job ready skill set you'll learn about tractor operations under general supervision in the agriculture, horticulture and land management sectors, preparing and operating machinery and equipment, how to safely handle, prepare and apply chemicals for the control of pests, weeds and diseases, and carry out work health and safety procedures in the agriculture sector.

If you do not meet the [fee free eligibility criteria](#) for this course, please enrol in the [Work in Agriculture Skill Set](#).

If you are aged 15—24 years (not at school), receiving the JobSeeker or JobKeeper payment, receiving Youth Allowance, AUSTUDY or ABSTUDY or holding a pensioner concession card, Health Care Card or a Repatriation Health Benefits Card issued by the Department of Veterans' Affairs, or a dependent of persons who are inmates of a custodial institution, you are eligible to enrol for free!

This is a targeted skill set related to the [Skills Ready](#) program, which is aimed at rebuilding our local businesses and communities with free and reduced-price training.
