

# Work in Community Care Skill Set (Fee Free)

State ID: AE155

## About this course

### Work in the community care industry!

There's many job opportunities in the field of community care, which includes health care support and specialist areas such as social support. The *Work in Community Care* skill set will give you a great starting point to get into the industry, as it covers important areas such as first aid, communicating with diverse people, and customer service in a community care setting.

You'll also learn to follow organisational infection prevention and control policies and procedures, including implementing standard and transmission-based precautions and responding to infection risks to ensure you're working COVID-safe.

You'll be job ready, knowing how to provide a first aid response to a casualty in a range of situations, greet clients and exchange routine information to provide a triage service, work respectfully with people from diverse social backgrounds and demonstrate cultural sensitivity, communicate effectively with clients, colleagues and management, and use workplace technology.

**If you do not meet the [fee free eligibility criteria](#) for this course, please enrol in the [Work in Community Care Skill Set](#).**

If you are aged 15—24 years (not at school), receiving the JobSeeker or JobKeeper payment, receiving Youth Allowance, AUSTUDY or ABSTUDY or holding a pensioner concession card, Health Care Card or a Repatriation Health Benefits Card issued by the Department of Veterans' Affairs, or a dependent of persons who are inmates of a custodial institution, you are eligible to enrol for free!

This is a targeted skill set related to the [Skills Ready](#) program, which is aimed at rebuilding our local businesses and communities with free and reduced-price training.
