

Work in Community Care Skill Set (Fee Free)

State ID: AE155

About this course

Work in the community care industry!

There's many job opportunities in the field of community care, which includes health care support and specialist areas such as social support. The *Work in Community Care* skill set will give you a great starting point to get into the industry, as it covers important areas such as first aid, communicating with diverse people, and customer service in a community care setting.

You'll also learn to follow organisational infection prevention and control policies and procedures, including implementing standard and transmission-based precautions and responding to infection risks to ensure you're working COVID-safe.

You'll be job ready, knowing how to provide a first aid response to a casualty in a range of situations, greet clients and exchange routine information to provide a triage service, work respectfully with people from diverse social backgrounds and demonstrate cultural sensitivity, communicate effectively with clients, colleagues and management, and use workplace technology.

If you do not meet the [fee free eligibility criteria](#) for this course, please enrol in the [Work in Community Care Skill Set](#).

If you are aged 15—24 years (not at school), receiving the JobSeeker or JobKeeper payment, receiving Youth Allowance, AUSTUDY or ABSTUDY or holding a pensioner concession card, Health Care Card or a Repatriation Health Benefits Card issued by the Department of Veterans' Affairs, or a dependent of persons who are inmates of a custodial institution, you are eligible to enrol for free!

This is a targeted skill set related to the [Skills Ready](#) program, which is aimed at rebuilding our local businesses and communities with free and reduced-price training.
