

Provide Individual Support Skill Set (Fee Free)

State ID: AE156

About this course

Learn how to provide individualised support!

Many individuals require support services to help them live an independent and fulfilling life — including people with physical or intellectual disability, older people, and vulnerable members of the community.

This is highly rewarding work, but employers look for people who are job ready with basic skills and knowledge for entry level roles in one-on-one or group support settings, or for administrative role in a care facility. With the *Provide Individual Support* skill set, that will be you!

You'll learn about following a client's individual care or support plan to meet their personal support needs, how to comply with personal hygiene standards, maintain food safety, contribute to the cleanliness of food handling areas and dispose of food appropriately, prepare for and provide medication assistance and complete medication documentation, supporting a client to self-administer medication, safe work practices for the health and safety of yourself and your clients, and how to recognise potentially hazardous manual tasks and complete those tasks in a safe manner.

If you do not meet the [fee free eligibility criteria](#) for this course, please enrol in the [Provide Individual Support Skill Set](#).

If you are aged 15—24 years (not at school), receiving the JobSeeker or JobKeeper payment, receiving Youth Allowance, AUSTUDY or ABSTUDY or holding a pensioner concession card, Health Care Card or a Repatriation Health Benefits Card issued by the Department of Veterans' Affairs, or a dependent of persons who are inmates of a custodial institution, you are eligible to enrol for free!

This is a targeted skill set related to the [Skills Ready](#) program, which is aimed at rebuilding our local businesses and communities with free and reduced-price training.
