

# BSB51415 Diploma of Project Management

National ID: BSB51415 | State ID: AVW5

## About this course

### Manage small and large scale projects.

Gain the skills to manage projects in a variety of contexts and industry areas through a Diploma of Project Management.

Students study online material for each unit and are required to submit assessments in the form of knowledge questions and case studies to ensure a sound theoretical knowledge base. Participants will learn how to use a range of specialised, technical and managerial competencies to initiate, plan, execute and evaluate their own work and/or the work of others.

### In this course students will learn to:

- Determine and manage all aspects of projects during the project life cycle
- Integrate all project management functions
- Build and maintain relationships with project stakeholders
- Manage personal work priorities and development
- Lead and ensure team effectiveness
- Facilitate continuous improvement
- Be prepared for projects of different complexity in any industry

The project management field is relevant to most industries, particularly mining and construction in the North West of

Australia.

This course is available at other campus locations upon request.
