

ICT30115 Certificate III in Information, Digital Media and Technology

National ID: ICT30115 | State ID: AWB0

About this course

There is a demand in today's modern world for employees skilled in the field of digital media and information technology!

The Certificate III in Information, Digital Media and Technology has been tailored to meet the needs of an information communications technology (ICT) support worker.

This course covers:

- ICT legislation and policy requirements
- Building and maintaining computer equipment and systems
- How to best provide client support
- Networking
- Virtualisation
- Server administration

This qualification prepares participants for employment across a wide range of ICT areas, including technical support, network administration, web technologies, software applications and digital media technologies.
