

AUR30616 Certificate III in Light Vehicle Mechanical Technology

National ID: AUR30616 | State ID: BAE6

About this course

Accelerate your career in the automotive industry!

The Certificate III in Light Vehicle Mechanical Technology allows participants to practice as a light vehicle mechanic. Participants will gain the skills to perform a broad range of tasks on a variety of light vehicles.

Participants will gain skills in:

- Electrical and mechanical fundamentals
- Engine, transmission and suspension repair
- Light vehicle servicing

This qualification develops existing workers and prepares new employees for work in the light vehicle servicing and repair industry. Participants can also study this qualification as part of a light vehicle mechanical apprenticeship at North Regional TAFE.

This course is available at other campus locations upon request.

Overview

Available all year, 2019

Fees and charges

North Regional TAFE's **indicative fees for 2019** are available [here](#). These fees are indicative for local students enrolling full-time in Government-funded courses. Fees are calculated based on individual circumstances at the time of enrolment. Concessions for eligible certificate I - IV level courses, annual fee caps and other charges may apply.

For more information, please click [here](#).

VET Student Loans

VET Student Loans is an income contingent loan support available to eligible students studying a diploma level or above qualification. For more information, please click [here](#).

International student fees

Fees, charges, available locations, applications, and enrolment procedures for international students are different to those applicable to local students. Please visit the [TAFE International WA website](#) to confirm available courses and fees. Tuition fees are paid through TIWA.

Please note, fees are subject to change.
