

# AUR31116 Certificate III in Heavy Commercial Vehicle Mechanical Technology

National ID: AUR31116 | State ID: BAF2

## About this course

### Interested in a career in the heavy automotive industry?

Undertaken as part of an apprenticeship, this qualification enables participants to become a heavy diesel mechanic, servicing and repairing trucks, buses and earthmoving equipment in the automotive industry.

Throughout this course, participants will apply their practical skills, while gaining an understanding of how to inspect and service engines, test, use and maintain equipment, and diagnose and repair a range of mechanical problems.

This qualification is delivered in blocks, over a period of three years.
