

AHC10116 Certificate I in Conservation and Land Management

National ID: AHC10116 | State ID: BCV8

About this course

Experience some of nature's greatest gifts and learn how best to preserve them.

The Certificate I in Conservation and Land Management is an entry-level qualification, providing participants with an insight into the conservation and land management industry. Participants will gain foundation skills in natural area conservation, machinery operation and maintenance, seed collection and correct occupational health and safety practices.

Throughout this course, students will complete written assignments and work in teams to undertake programs that assist in maintaining the natural environment.

This course is available at other campus locations upon request.
