

# 52807WA Certificate I in Industrial Skills (Entry Level Training)

National ID: 52807WA | State ID: BCX38

## About this course

### Lay the foundations for your future.

The Certificate I in Industrial Skills (Entry Level Training) has been designed to increase participants' skills levels in mathematics, employment application techniques and practical skills.

This qualification is an enabling course which will provide participants with the basic knowledge, communication and practical skills to progress into a higher qualification which may lead to the acquisition of the necessary skills, confidence and knowledge at entry level to work in a range of industries including the construction, horticulture, mining, civil construction, engineering and automotive industries.

### This course is intended to provide participants with the knowledge and skills required for entry-level workforce participation including:

- Work readiness skills
- Practical skills relevant to a trades industry environment
- Knowledge to effectively communicate within a trades industry workforce
- Improved literacy and numeracy skills gained through practical application to tasks
