

# AHC51116 Diploma of Conservation and Land Management

National ID: AHC51116 | State ID: BDA6

## About this course

**Experience some of nature's greatest gifts and learn how best to preserve them.**

The Diploma of Conservation and Land Management is suitable for personnel working in management positions with technical-level skills in conservation and land management. Participants will learn how to be effective managers, while gaining skills in the management of fauna, plant life classification and surveying.

Upon successful completion, participants will have the skills to lead across areas such as natural resource management, land management, mine site rehabilitation, implementing conservation programs, and land management strategies.

This course is available at other campus locations upon request.
