

Traffic Management Skill Set

State ID: IAA03

About this course

Your health and safety is important to us.

Spaces are limited in face-to-face classes to adhere to social distancing guidelines. Additional hygiene protocols will be implemented and other controls may apply. Students must follow the directions of the lecturer to ensure the health and safety of all students and teaching staff.

Learn how to implement traffic management processes in accordance with safety management procedures and WA road laws.

This course covers:

- Traffic control using a stop-slow bat
- Installing road safety signs and standard equipment in accordance with relevant government legislation
- Working safely when setting up traffic control equipment and directing traffic around road works

This course is appropriate for construction site and local council works.
