

# IAA26 Working in Confined Spaces Skill Set

National ID: IAA26 | State ID: IAA26

## About this course

*Your health and safety is important to us.*

*Spaces are limited in face-to-face classes to adhere to social distancing guidelines. Additional hygiene protocols will be implemented and other controls may apply. Students must follow the directions of the lecturer to ensure the health and safety of all students and teaching staff.*

## Do you need a working in confined spaces ticket for work?

During this short course participant's will gain the skills and knowledge required to enter and work in confined spaces in the Resources and Infrastructure Industries.

This course is appropriate for those working in operational roles undertaking work in confined spaces.

## Students will learn to:

- Identify areas that constitute confined spaces
- Comply with site and equipment safety requirements
- Comply with the entry and exit procedures, risks and regulations
- Types of air contaminants and toxic gases
- Identify the limitations of breathing apparatus
- Identify equipment types, characteristics, technical capabilities and limitations

- Comply with site isolation and site control responsibilities and authorities
- Locate and understand safety data sheets (SDS) information and application
- Use confined space and industry terminology
