

IAA52 Arc Welding Skill Set

National ID: IAA52 | State ID: IAA52

About this course

Learn how to weld using Gas Metal Arc Welding (GMAW) processes to industry standard.

GMAW is a popular welding process for the vehicle body building industry, and is suited to a wide range of light and heavy applications, from one-tonne tray bodies and tradesman vans, to semi-tippers and road trains.

This course covers:

- Identifying welding requirements
- Preparing materials for welding
- Preparing equipment for welding
- Performing routine welding using GMAW

Please note: Participants are required to wear boots, a long sleeved cotton shirt and trousers.

Join us each fortnight on a Tuesday, starting on 17 September. Classes run from 5.00pm - 8.00pm.

Overview

Semester 2, 2019

Pundulmurra (South Hedland) Campus - 17 September - 26 November, 2019

-  Duration: **3 Days**
-  When: **Semester 2, 2019**
-  How: **Face-to-face classroom delivery**

Fees and charges

North Regional TAFE's **indicative fees for 2019** are available [here](#). These fees are indicative for local students enrolling full-time in Government-funded courses. Fees are calculated based on individual circumstances at the time of enrolment. Concessions for eligible certificate I - IV level courses, annual fee caps and other charges may apply.

For more information, please click [here](#).

VET Student Loans

VET Student Loans is an income contingent loan support available to eligible students studying a diploma level or above qualification. For more information, please click [here](#).

International student fees

Fees, charges, available locations, applications, and enrolment procedures for international students are different to those applicable to local students. Please visit the [TAFE International WA website](#) to confirm available courses and fees. Tuition fees are paid through TIWA.

Please note, fees are subject to change.
