

IAB16 Tag and Test Electrical Appliances Skill Set

National ID: IAB16 | State ID: IAB16

About this course

The testing and tagging of electrical equipment must be performed by trained individuals.

Upon successful completion of this course, participants will be able to test and tag electrical equipment as per Australian Standards 3760 and 3012. Participants will be trained to confidently perform testing and tagging, while meeting compliance and ensuring the safety of staff on the worksite.

Personal Protective Equipment (PPE), including long trousers, a long sleeved shirt and covered footwear must be worn throughout the duration of the course.

Fees and charges

North Regional TAFE's **indicative fees for 2019** are available [here](#). These fees are indicative for local students enrolling full-time in Government-funded courses. Fees are calculated based on individual circumstances at the time of enrolment. Concessions for eligible certificate I - IV level courses, annual fee caps and other charges may apply.

For more information, please click [here](#).

VET Student Loans

VET Student Loans is an income contingent loan support available to eligible students studying a diploma level or above qualification. For more information, please click [here](#).

International student fees

Fees, charges, available locations, applications, and enrolment procedures for international students are different to those applicable to local students. Please visit the [TAFE International WA website](#) to confirm available courses and fees. Tuition fees are paid through TIWA.

Please note, fees are subject to change.
