

IAC29 Enterprise Safety Skill Set

National ID: IAC29 | State ID: IAC29

About this course

Gain an understanding of how the key components of a logistical operation are carried out through interactive learning. You will learn skills in the areas of safe work operations, workplace sustainability, supply chain functions and manual handling techniques.

Enterprise Safety is the second of four blocks of training to upskill and develop your knowledge in the field of Logistics. Upon successful completion of all four blocks of training, you will receive a Certificate II in Logistics TLI21810.
