

IAC63 Supervised Chemical Application

National ID: IAC63 | State ID: IAC63

About this course

Do you know how to apply chemicals safely and efficiently?

This course provides participants with the skills and knowledge required to apply chemicals using workplace specific application equipment under supervision.

Participants will be taught how to carry out tasks in line with workplace procedures, work health and safety and pesticide legislation and codes.

Overview

Fees and charges

North Regional TAFE's **indicative fees for 2019** are available [here](#). These fees are indicative for local students enrolling full-time in Government-funded courses. Fees are calculated based on individual circumstances at the time of enrolment. Concessions for eligible certificate I - IV level courses, annual fee caps and other charges may apply.

For more information, please click [here](#).

VET Student Loans

VET Student Loans is an income contingent loan support available to eligible students studying a diploma level or above qualification. For more information, please click [here](#).

International student fees

**North
Regional**

*We're working for
Western Australia.*

Fees, charges, available locations, applications, and enrolment procedures for international students are different to those applicable to local students. Please visit the [TAFE International WA website](#) to confirm available courses and fees. Tuition fees are paid through TIWA.

Please note, fees are subject to change.
