

Traffic Management Refresher

State ID: IAC74

About this course

Your health and safety is important to us.

Spaces are limited in face-to-face classes to adhere to social distancing guidelines. Additional hygiene protocols will be implemented and other controls may apply. Students must follow the directions of the lecturer to ensure the health and safety of all students and teaching staff.

Have experience but need to brush up on your skills? Refresh your knowledge of traffic management processes, safety management procedures and WA road laws.

This 1 day refresher course will cover:

- Traffic control using a stop-slow bat
- Installing road safety signs and standard equipment in accordance with relevant government legislation
- Working safely when setting up traffic control equipment and directing traffic around road works

This course is appropriate for construction site and local council works.
