

Ceramics Introduction

State ID: IAD10

About this course

Get creative!

Experiment, explore and learn a variety of techniques using clay, to form your own creative pieces through North Regional TAFE's weekly ceramic class in Derby.

During these sessions you will imaginatively explore ceramic materials and processes to create and form your pieces by hand. Firing and glazing will also take place, where you will learn more about colours and design ideas that are relevant to your formed pieces.

This unit is appropriate for beginners, teachers, artists and hobbyists, where you can work at your own pace under the guidance of a lecturer.

Join us from 5.00pm - 8.00pm in the art room at Derby's Loch Street campus.
