

MEM20413 Certificate II in Engineering Pathways

National ID: MEM20413 | State ID: J780

About this course

Forge a path into the diverse engineering industry.

The Certificate II in Engineering Pathways is suitable for those interested in being exposed to an engineering working environment, with a view to enter into employment in the industry. This course equips graduates with the knowledge and skills to enhance their prospects of employment in an engineering or related working environment.

Participants will learn how to:

- Apply occupational health and safety principles
- Develop a career plan for the engineering industry
- Undertake basic engineering projects
- Use hand and power tools, and workshop machines

Fees and charges

North Regional TAFE's **indicative fees for 2019** are available [here](#). These fees are indicative for local students enrolling full-time in Government-funded courses. Fees are calculated based on individual circumstances at the time of enrolment. Concessions for eligible certificate I - IV level courses, annual fee caps and other charges may apply.

For more information, please click [here](#).

VET Student Loans

VET Student Loans is an income contingent loan support available to eligible students studying a diploma level or above qualification. For more information, please click [here](#).

International student fees

Fees, charges, available locations, applications, and enrolment procedures for international students are different to those applicable to local students. Please visit the [TAFE International WA website](#) to confirm available courses and fees. Tuition fees are paid through TIWA.

Please note, fees are subject to change.
