

MEM10105 Certificate I in Engineering

National ID: MEM10105 | State ID: W231

About this course

Gain an insight into the world of engineering.

The Certificate I in Engineering provides participants with an opportunity to learn in a simulated work environment and be exposed to an industrial setting in work experience. This means starting on time, setting goals, achieving work in a given timeframe, and working as part of a team.

This qualification assists participants to develop the skills and knowledge required to transition into a Certificate II in Engineering.

This course is available at other campus locations upon request.

Overview

Available all year, 2019

Broome Campus - Qualification details

 Duration: **1 Year**

Fees and charges

North Regional TAFE's **indicative fees for 2019** are available [here](#). These fees are indicative for local students enrolling full-time in Government-funded courses. Fees are calculated based on individual circumstances at the time of enrolment. Concessions for eligible certificate I - IV level courses, annual fee caps and other charges may apply.

For more information, please click [here](#).

VET Student Loans

VET Student Loans is an income contingent loan support available to eligible students studying a diploma level or above qualification. For more information, please click [here](#).

International student fees

Fees, charges, available locations, applications, and enrolment procedures for international students are different to those applicable to local students. Please visit the [TAFE International WA website](#) to confirm available courses and fees. Tuition fees are paid through TIWA.

Please note, fees are subject to change.
