2021 Course Guide

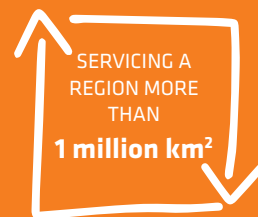

NORTH REGIONAL TAFE

North Regional TAFE acknowledges the Traditional Custodians of both the Kimberley and Pilbara regions of Australia and their continuing connection to the land, sea and community. We pay our respect to them and their cultures, and to the elders both past and present.

Welcome to North Regional TAFE

North Regional TAFE (NR TAFE) is the largest provider of training and vocational services in the north of Western Australia, servicing communities and industries across a region exceeding one million square kilometres. NR TAFE has 11 campuses, from Wyndham in the north to Newman in the south, with the College's three largest delivery centres at Broome, Karratha and Pundulmurra (South Hedland).

Hey,
I'm Ellie!

On the Cover

I hope you had a chance to check out the virtual tour on the cover, which showcases the salon where I learnt to be the hairdresser I am today.

Becoming a hairdresser has changed my life! I've had the opportunity to learn from the best and three years on, I have now finished my apprenticeship.

For me, doing hair and making people feel amazing is the best part of my job. I have the creative freedom to transform not only how someone looks on the outside but also how they feel on the inside.

**If you're passionate about something, just go for it.
It's the best decision I have ever made.**

What are you waiting for? Read on and check out all of the courses on offer!

SHB30416 Certificate III in Hairdressing, Salon 700, Karratha campus

Why study at North Regional TAFE ?

WHETHER YOU ARE NEW TO THE WORKFORCE, RETURNING TO WORK, CHANGING CAREERS OR SIMPLY LOOKING TO UPSKILL, **WE HAVE YOU COVERED.**

DEVELOP SKILLS FOR THE WORKPLACE

We deliver more than 200 nationally recognised qualifications, skill sets and short courses in over 25 different industry areas, focusing on the vital practical and theoretical skills employers seek.

TAKE ADVANTAGE OF FLEXIBLE TRAINING OPTIONS

We provide training options to suit all lifestyles with full time, part time and online study options available. Courses can also be customised to suit individual, community and workplace needs. For most of our courses, students can enrol anytime!

COMPLETE YOUR TRAINING WITH **EXPERIENCED LECTURERS**

We have a team of highly skilled lecturers who not only have practical experience in their field, but also work closely with industry to ensure students receive the most up-to-date and industry relevant training.

EXPLORE THE POSSIBILITIES ACROSS **11 CAMPUS LOCATIONS**

We have campuses situated right across the north of Western Australia, in Broome, Derby, Fitzroy Crossing, Halls Creek, Karratha, Kununurra, Minurmarshali Mia (Roebourne), Newman, Pundulmurra (South Hedland), Tom Price, and Wyndham.

Pre-Enrolment Information

READY TO TAKE THE FIRST STEPS?

HERE IS WHAT YOU NEED TO KNOW PRIOR TO ENROLLING.

EXPLORE YOUR TRAINING OPTIONS

More than 200 qualifications, skill sets and short courses to choose from!

Visit page 11 and beyond to view the courses on offer. You can find out more details on available courses by visiting our website or speaking to the team at your local campus.

ENQUIRE ABOUT OUR STUDY MODES

A range of options to suit your lifestyle

- Full time
- Part time
- Face-to-face classroom/campus
- Face-to-face block delivery
- Face-to-face off campus
- Distance and online learning – flexible/self-paced
- On the job/on location
- Mixed mode

Please note: The availability of study options can vary by campus location and/or course requirements.

CREATING A USI

Keep your training records secure

All students enrolling in a Vocational Education and Training (VET) course require a Unique Student Identifier (USI). Your USI account contains your nationally recognised training records and results, which you can access anywhere in Australia. Create your USI online at www.usi.gov.au and provide the number to NR TAFE upon enrolment.

RECOGNITION OF PRIOR LEARNING

Gain credit for your pre-existing skills

We recognise that people gain skills and knowledge in a variety of ways. Many highly skilled people have developed their abilities through pathways other than formal education, such as paid employment, community work, volunteering and informal training.

Recognition of Prior Learning (RPL) provides you with an opportunity to have your pre-existing skills recognised in a nationally accredited system. You could then be eligible to gain partial or full credit for your pre-existing skills, helping to fast track your qualification. As part of the RPL process, an assessor will work with you to identify whether your skills meet industry standards, and if any further training is required.

Please contact NR TAFE on 1300 996 573 or email info@nrtafe.wa.edu.au to receive a self-assessment checklist and arrange an appointment time to speak with a lecturer about your relevant skills and knowledge. You can prepare for your talk by gathering any documentary evidence you may have to support your claim, including job descriptions, records of employment, references from employers and any other relevant details.

Study Levels

DIPLOMA

Prepares students for work that requires a broad range of complex technical skills and in-depth knowledge. Diploma courses often include training in management, planning and evaluation, budgeting and finance, and equip participants with the higher level knowledge and skills of their chosen vocational area.

CERTIFICATE IV

Teaches supervisory and advanced technical skills, which may build on skills already acquired in the workplace, through a Certificate III or its equivalent.

CERTIFICATE III

Helps students develop strong skills in a range of occupational areas. Certificate III courses can often be completed as part of an apprenticeship or traineeship.

CERTIFICATE II

Provides participants with the basic knowledge and skills to undertake employment in a defined context. Studying a Certificate II may include undertaking a traineeship with an on-the-job component.

CERTIFICATE I

Helps participants develop foundation skills required for initial employment, community involvement and/or further study.

SKILL SETS

Are made up of one or more units of competency, link directly to an industry need or regulatory requirements, and result in a nationally recognised Statement of Attainment. Some skill sets also count towards a high qualification, should participants wish to undertake further study at a later date.

SHORT COURSES

Provide hands-on training in a new skill that can be used in a personal or professional context, and are a great way to refresh knowledge or experience a taste of another industry. Short courses are non-accredited and result in a Certificate of Participation.

Enrolling at North Regional TAFE

READY TO TAKE CHARGE OF YOUR FUTURE? THEN IT IS TIME TO ENROL. THE GOOD NEWS IS FOR MOST OF OUR COURSES, YOU CAN ENROL ANYTIME! IN MOST INSTANCES, YOU WILL BE ABLE TO ENROL DIRECTLY, PROVIDED MINIMUM ENTRANCE REQUIREMENTS ARE MET.

CONTACT US TO ENQUIRE AND ENROL

Contact our friendly Client Services Team for all enquiries and to enrol.

PHONE 1300 996 573

EMAIL info@nrtafe.wa.edu.au

IN PERSON at one of our campuses

ONLINE enquiry forms are available on our website

STUDYING ON A VISA

North Regional TAFE accepts students studying on various non-resident subclass visas. Visa holders should first review their conditions to ensure they are able to study on their current visa. Visa holders can discuss their study options with our Client Services Team or TAFE International Western Australia (TIWA) about enrolment options.

Fees and Payment Options

FEES

The type of study you elect to undertake in 2021 will determine the full cost of your training.

If you are a Western Australian resident, the State Government will subsidise your training. The State Government sets the fees charged at each qualification level and, in general, you pay lower fees for introductory qualifications and higher fees for higher-level qualifications.

Students studying on a visa may be required to pay different amounts for courses. Contact us for more details on payments while studying on a visa.

Visit our website northregionaltafe.wa.edu.au for a current list of indicative course fees.

PAYMENT OPTIONS

Your fees can be paid via the following methods:

- *Credit card* – call 1300 996 573 to make your payment.
- *Bank transfer or direct debit* – speak to our friendly Client Services Team for details.
- *Money order, personal or bank cheque* – to be sent through to PO Box 1380 Broome WA 6725.

Please ensure you clearly identify who you are and what you are paying for.

Payments can be made in full at your nearest campus. For more information, please call 1300 996 573.

PAYMENT PLANS

We may be able to offer you the option of a payment plan, which allows you to pay your fees over an agreed period. In cases of severe hardship, we may be able to release you from payment of fees, if you can provide appropriate evidence. Please contact our Client Services Team to find out more.

VET STUDENT LOANS

VET Student Loans offer income contingent loan support to eligible students studying higher-level VET qualifications. Students enrolling in an eligible course are entitled to apply for a VET Student Loan (VSL). Information on VSLs can be found on the Australian Government website. A full list of VSL eligible courses available at NR TAFE can be found on our website.

WITHDRAWALS

If you decide to withdraw from your course, you may be eligible to claim a refund of the fees you have paid. You will need to complete the application form available at your nearest campus. You must formally withdraw prior to the census date outlined on your confirmation of enrolment. Documentary evidence of your withdrawal reason may be required. For more information, please view our Terms and Conditions of Enrolment available on our website.

REDUCED PRICE FEES AS PART OF THE SKILLS READY INITIATIVE

There has never been a better time to get into training!

Course fees on a number of qualifications and skill sets have been reduced as part of the State Government's WA Recovery Plan, in response to the COVID-19 pandemic.

Course fees in high demand industry areas have been halved for eligible students and some are even free! To see which courses this initiative applies to, look out for the stamps on pages 20-53. For more information on whether you are eligible and for an up-to-date course list, please visit our website.

Scholarship Opportunities

NR TAFE is committed to providing access to education and training across the North West.

A range of scholarships are available to assist current and prospective students with the cost of fees and study-related expenses.

For more information on available scholarships, application open dates and how to obtain application forms, please visit our website.

For further information, please contact scholarships@nrtafe.wa.edu.au.

Student Services and Support

North Regional TAFE is committed to **helping you reach your career and study goals** by providing a range of support services.

Please speak to our Client Services Team or call **1300 996 573** for more information on our student services and support.

DISABILITY SUPPORT

NR TAFE is committed to providing access and equity of participation for students with a disability. Our Disability Support Coordinator can provide information and advice, discuss requirements for reasonable adjustment support, assistive equipment and technologies, interpreters and in-class tutorial support.

Students are encouraged to make contact with the Disability Support Coordinator and lecturer about the impact of their disability, impairment or medical condition to assist in determining what support will be needed while undertaking their course. All information given will be treated confidentially.

NR TAFE's Disability Access and Inclusion Plan 2017 – 2021 can be viewed on our website. For more information, please contact Disabilitysupport@nrtafe.wa.edu.au.

JOBS AND SKILLS CENTRES

As a student of NR TAFE, you are welcome to visit or arrange a consultation at one of our Jobs and Skills Centres (JSCs). The JSCs offer free professional and practical advice on training and employment for both individuals and businesses.

The service also includes a jobs board to connect jobseekers with employment opportunities and to help employers attract and recruit employees. JSCs located at NR TAFE are staffed full time at our Broome, Karratha, Kununurra, Pundulmurra (South Hedland) campuses and outreach services are available in Newman, Roebourne, Derby, Fitzroy Crossing, Halls Creek, Bidyadanga and Dampier Peninsular.

For more information, please visit jobsandskills.wa.gov.au or phone 13 64 64.

CENTRAL QUEENSLAND UNIVERSITY NURSING PATHWAY

Students who successfully complete NR TAFE's HLT54115 Diploma of Nursing are offered a direct pathway into CQUniversity Australia's Bachelor of Nursing, receiving full credit for their enrolled nursing training. Speak to us about progressing into university studies via the articulation program.

LITERACY AND NUMERACY SUPPORT

Literacy and numeracy support is available to all students once they have enrolled in a vocational qualification. This assists students to complete the qualification they are

enrolled in by providing support with the reading, writing and numerical components of the course. Turn to page 19 for more information, or ask us about our literacy and numeracy support.

ENGLISH AND SPECIAL NEEDS SUPPORT

Assistance is available to students who have special needs, require additional support to undertake a literacy and numeracy course or require language support to undertake an English course. NR TAFE also offers International English Language Testing System (IELTS) preparation training and a subsequent test centre for students to sit the IELTS exam with the University of Western Australia. Ask us about our English and special needs support.

We are here for you.

ABORIGINAL TRAINING SERVICES SUPPORT

NR TAFE's Aboriginal Training Support (ATS) team are dedicated to **Aboriginal advancement toward equity with the broader Kimberley and Pilbara communities.**

The three guiding principles the ATS team work towards achieving for current and prospective Aboriginal and Torres Strait Islander (ATSI) students are Attraction, Retention and Completion. The team has identified vast strategies and actions to maintain ongoing continuity of quality ATSI student support services, while also ensuring the provision of culturally-appropriate training service delivery needs are being consistently met and delivered for Indigenous clientele throughout the North West.

The team's mission is to ensure best practice student training and employment support services to Aboriginal people of all ages who aspire to improve life circumstances for themselves, their families and their community through education, training and participation in the workforce.

ATS staff are located at each of our campuses. We can also provide services in communities across all regions where training is being delivered.

Our dedicated ATS team provides the following support services:

Assistance with study and talking to lecturers

Liaison with Centrelink, Abstudy, Job Services Australia, Remote Jobs and Communities Program and other service providers

In-class support, both academic and practical

Mentoring, tutor support and career counselling

Assistance arranging accommodation, transport if eligible and study support resources such as work wear, protective equipment and learning aids

The Indigenous Tutorial Assistance Scheme (ITAS)

Informal counselling and mentoring

Referrals or information about other services such as financial counselling, childcare and health needs

In addition, the ATS team provides:

Advice on culturally appropriate learning methods and environments within NR TAFE

Tailored services to external agencies and employers

Consultation with Aboriginal communities and organisations to identify community development projects and negotiated training plans to address unique local needs

All ATS staff employ collaborative work practices within NR TAFE and with external stakeholders to achieve the best possible training and employment outcomes for ATSI students.

Customised Training and Workforce Solutions

WE'RE INVESTED IN WESTERN AUSTRALIA.

We want to see our communities and your business thrive.

Please contact us on **1300 996 573** to discuss your workplace and customised training needs.

WORKFORCE SOLUTIONS

Having the right people with the right skills at the right time is vital to the success of a business.

We are dedicated to working with employers to develop training solutions that meet staff and workforce needs. Investing in skills development can result in increased productivity and efficiency, greater staff retention, employee satisfaction and recognition by the wider community as an employer of choice.

We work with you to:

- Understand your workforce's strengths, capabilities and skills development needs
- Conduct skills assessment and gap training analysis
- Develop customised workforce training solutions
- Recognise your employees' existing skills
- Identify and secure funding to support training

CUSTOMISED TRAINING

Everyone's needs are different and that's why we offer the option of customised training courses to suit individual, community and workplace needs.

Whether you're looking to add a new skill set onto a standardised training set, or create a new one to upskill a specific group or organisation, we can assist you.

On the following page are examples of customised training sets we have recently delivered and are currently delivering.

THE LEADER IN ME

This course can be used as pre-enrolment for students wanting to enter mainstream training, or any Gaining Access to Training and Employment (GATE) courses through NR TAFE. The course, which runs between two to four days, focuses on self-development and leadership. It gives participants an understanding and awareness of self, how we learn and behave and how our beliefs and attitudes stop us achieving our goals. It is affordable, flexible, can be tailored to employment requirements and includes leadership qualities for participants to identify, develop and practise in a safe environment, giving them confidence and comfort in starting a course, or a new job.

The Leader in Me can be adapted for a range of audiences from young disengaged youth, to mature aged workers who need to identify and compartmentalise their existing skills, building on that knowledge to feel confident in their role.

PRE-EMPLOYMENT TRADES TRAINING

We deliver customised pre-employment courses to organisations seeking new intakes of employees, working closely with them to simulate their working environment and develop participants' skills in line with needs. These courses run between two to six weeks and allow potential new employees to demonstrate that they are ready and committed to join the organisation. Many of the courses also encompass valuable life skills including fitness, money and time management.

PROJECT MANAGEMENT TRAINING

We offer customised project management training to companies throughout Western Australia. This training is structured around the individual needs of each organisation and provides a summary of project management and effective application

of the process, based on regulatory requirements.

WORK READINESS PROGRAMS

We deliver work readiness programs tailored to a wide range of industries aimed at developing participants' personal, social and employability skills. These programs assist learners in transitioning into vocational pathways or work, and developing skills to direct their own personal development. Focus areas include being fit for work, entry requirements and recruitment processes for different industries and employers, broadening awareness of career options, enhancing self-confidence, developing foundation and employability skills, and drivers licence theory preparation.

RURAL AND REMOTE TRAINING PROJECT WESTERN AUSTRALIA

We offer scheduled on-site, culturally appropriate, aged care and pathway training to eligible remote community health care services, working closely with managers and key stakeholders to determine training needs and facilitate an inclusive model training package. This mode of training allows for staff skill development, accreditation training, and provides community members with the opportunity for employment in the health care industry.

SUPERVISORY TRAINING

We offer a tailored course for employees new to supervising Community Development Program (CDP) participants. Over one week, this course provides participants with underpinning skills in workplace safety, first aid, worksite assessments and incident reporting.

We are committed to responsiveness and collaborations to promote and ensure effective partnerships, resulting in skill development relevant to and in alignment with the needs of supervisors. We offer and maintain

suitable and planned communications through the development, implementation, scheduled training delivery and sharing of lessons learned for Indigenous supervisors, mentors, industry bodies and all that require additional training and knowledge.

YOUTH RE-ENGAGEMENT PROGRAMS

We work closely with local schools and organisations to support disadvantaged youth to re-engage with education through programs aimed at improving outcomes for young people, assisting them with pathway into further training.

TRAINING TO SUPPORT ENTERPRISE DEVELOPMENT

Our qualified and experienced staff provide additional services and advice over and above training.

For organisations pursuing innovative new ventures or start-ups, our staff can provide critical advice and direction in their areas of expertise. For example NR TAFE led the development of the Native Bush Food industry in the Kimberley, with high level expertise in species such as the Kakadu plum/Gubinge. Marra Worra Worra, an Aboriginal organisation in the Fitzroy Valley, used the skills and knowledge of our industry specialists to design their Gubinge plantation correctly on their country, acquiring the right resources and establishing Gubinge integration with other food crops.

COMPLEX MARITIME SERVICES AND TRAINING

NR TAFE is at the cutting edge of some of the most complex maritime programs in the world. Our Broome Maritime Simulation Centre (BMSC) uses sophisticated simulation equipment and software to undertake specifically developed complex training and port feasibility studies. Vessels, ports, vessel movements, propulsion systems, environmental

conditions and other factors can all be customised to provide clients with insight and training experiences. For example, dredging company, Jan De Nal, used the BMSC to train its staff in complex maritime manoeuvres, in the exact simulated operating environment, while their highly technical equipment was being mobilised from Europe, thereby increasing productivity, efficiency and delivering on a highly specialised tender.

MANUAL HANDLING TRAINING

NR TAFE has worked closely with the Kimberley Ports Authority to deliver a fully customised six-hour Manual Handling course. The training was contextualised to the company's own policies and procedures, with each component of the training replicating relevant workplace scenarios, allowing employees to build knowledge within the correct context.

The course received highly positive feedback, with participants reporting they had received skills and knowledge directly relevant to their field of work.

CUSTOMISED TRAINING FOR COMMUNITY CARE WORKERS

NR TAFE provides customised training for community care workers needing skills or refreshers in areas such as Manual Handling and Infection Control. We work with agencies including Yaandina Community Services to provide tailored training programs to ensure their staff maintain and develop their competencies, accumulating Continuing Professional Development (CPD) points for maintaining registration and/or accreditation.

Facilities

BALU BURU

Balu Buru is a 20 hectare site at 12 Mile in Broome where horticulture, and conservation and land management training is carried out. Opportunities at this location include research trials cultivating local super food Gubinge and fire management training for remote Aboriginal communities.

BROOME AQUACULTURE CENTRE

The Broome Aquaculture Centre (BAC) supports the training, research, production and development of industry needs. The tropical aquaculture facility supports the production of marine finfish and has also been crucial in the care and production of many other species.

In addition to these commercially important and interesting species, the BAC has also provided a critical support role for a number of aquaculture ventures. Some of these include community based indigenous projects wishing to increase the capabilities of their workforce, through to commercial aquaculture ventures with specific projects requiring specialist assistance and advice.

BROOME MARITIME SIMULATION CENTRE

The Broome Maritime Simulation Centre (BMSC) is one of the most advanced maritime training, research and development facilities in the country. The Centre provides specialised state-of-the-art maritime simulation services for new and existing port development research and design projects.

ELECTRICAL AND INSTRUMENTATION TRAINING CENTRE

The Electrical and Instrumentation Training Centre at Karratha supports the delivery of a range of electrical and instrumentation training, through the use of the latest interactive computer-based training aides, training rigs and instrumentation.

HAIR AND BEAUTY SALONS

NR TAFE operates training hair and beauty salons in Karratha and Broome. Both facilities encompass modern hairdressing, beauty therapy and manicure stations, along with a classroom replicating a working environment, to equip students with all the skills needed to gain entry into the hair or beauty industry.

HEALTH AND COMMUNITY SERVICES TRAINING CENTRE

The Health and Community Services Training Centre at our Pundulmurra campus allows nursing, aged care, childcare and other community services students to gain hands-on, practical experience in a simulated environment.

The industry standard facility encompasses a simulation wing incorporating an eight-bed hospital ward, a nurses station, patient examination and treatment rooms, a simulated home environment, utility rooms for cleaning, laundry, medication and storage purposes, and a viewing area for lecturer observation of practical assessments. The Centre also contains two classroom wings, with one training room suitable for use as a practicing crèche, and a staff accommodation wing.

INDUSTRY SKILLS CENTRES

Industry Skills Centres at our Karratha and Pundulmurra campuses support the delivery of essential training to tradespeople employed in the mining, construction and logistics industries. The Centres were built to support the Pilbara workforce's specific training goals, through the delivery of courses in firefighting, forklift operation, rigging and dogging, scaffolding, working at heights, and working in confined spaces.

JOBS AND SKILLS CENTRES

Jobs and Skills Centres are located at NR TAFE's Broome, Karratha, Kununurra and Pundulmurra campuses, and offer a one-stop shop for career, training and employment advice and assistance. Outreach services are also available to assist residents in Newman, Roebourne, Derby, Fitzroy Crossing, Halls Creek, Bidyadanga and Dampier Peninsular. These Centres offer free professional and practical advice on training and employment for both individuals and businesses.

NDIS TRAINING FACILITIES

Purpose-built National Disability Insurance Scheme (NDIS) facilities at our Broome and Karratha campuses enable simulated training in ageing, disability, and home and community care. Each facility features a simulated home environment with a lounge room, kitchen, bedroom and bathroom, as well as a teaching space for theory work.

SOUTH HEDLAND ANNEX

NR TAFE's former South Hedland campus has been transformed into a vehicle training centre, specialising in light and heavy vehicle, and metal trades training. The South Hedland Annex encompasses four refurbished trades workshops, with the latest automotive technology available to enrolled students.

THE PEARLER'S SHED

The Pearler's Shed is NR TAFE's industry-standard training restaurant based off-campus in the heart of Broome. The facility opens to the public and also provides off-site event catering, allowing students to gain real industry experience in the areas of front of house, kitchen operations and commercial cookery.

TRADES TRAINING AREAS

State-of-the-art trades facilities are available to students across each campus including recently built workshops in Broome, Derby, Halls Creek, Karratha and Pundulmurra (South Hedland). These facilities have been built to industry standard with large work spaces and cutting edge technology in each of the classrooms.

Apprenticeships and Traineeships

NORTH REGIONAL TAFE IS A LEADER IN TRAINING APPRENTICES AND TRAINEES IN THE NORTH WEST. HOSTING THE LARGEST NUMBER OF APPRENTICES AND TRAINEES IN THE REGION, NR TAFE IS EQUIPPED AND EXPERIENCED IN PROVIDING HIGH QUALITY AND INDUSTRY RELEVANT TRAINING.

WHAT ARE APPRENTICESHIPS AND TRAINEESHIPS?

Apprenticeships and traineeships combine paid employment with structured training, and result in a nationally recognised qualification.

Apprenticeships and traineeships are available to anyone of working age, including school students, school-leavers, those re-entering the workforce, or those simply wanting a career change. Offered in a range of industry areas, participants can complete their qualification by learning skills both at work and under the guidance of a training provider.

NR TAFE works with the student and employer to develop a training plan, deliver training, provide support, assess skills and then issue the qualification upon successful completion.

An apprentice or traineeship arrangement includes:

- A training plan, negotiated between the student, their employer and NR TAFE
- Structured on-the-job training
- Paid employment under an appropriate industrial arrangement
- Full-time, part-time or school based options
- The option of Recognition of Prior Learning (RPL) as part of the assessment for completion

APPRENTICES ARE TRAINED IN A SKILLED TRADE

Once successfully completed, apprentices become a qualified tradesperson in areas such as automotive mechanics, carpentry and joinery, or commercial cookery as a chef. Apprenticeships generally take three – four years to complete, depending on the qualification.

TRAINEES ARE TRAINED IN VOCATIONAL AREAS

Once successfully completed, trainees receive a qualification in their chosen area such as business administration, agriculture or childcare. Traineeships generally take between nine months – two years depending on the qualification.

BECOMING AN APPRENTICE OR TRAINEE

Finding an employer to hire you as an apprentice or trainee can be challenging. To give you the best opportunity, NR TAFE recommends the following:

- Research the industry you are interested in
- Participate in a 'Try a Trade' program where available
- Volunteer with a business to get work experience
- Introduce yourself to businesses you would like to work for and circulate your resume
- Contact a Jobs and Skills Centre or outreach service located at NR TAFE's campuses

Industry areas in which an apprenticeship or traineeship can be undertaken:

- ✓ Agriculture
- ✓ Aquaculture
- ✓ Art Administration
- ✓ Automotive
- ✓ Beauty and Hairdressing
- ✓ Business Services, Financial Services, Human Resources and Management
- ✓ Carpentry and Joinery
- ✓ Community Services, Aged Care, Disability Work, Children's Services and Youth Work
- ✓ Commercial Cookery
- ✓ Conservation and Land Management
- ✓ Construction
- ✓ Education
- ✓ Electrical
- ✓ Engineering
- ✓ Fabrication
- ✓ Health and Safety
- ✓ Horticulture
- ✓ Hospitality
- ✓ Information Technology
- ✓ Logistics and Warehousing
- ✓ Mechanical
- ✓ Music
- ✓ Retail
- ✓ Sport, Fitness and Recreation
- ✓ Tourism

HOW CAN I EMPLOY AN APPRENTICE OR TRAINEE?

WHAT'S IN IT FOR YOUR BUSINESS?

NR TAFE offers flexible apprenticeship and traineeship courses to fit in with your business needs. As an established training provider, we understand the trends, demands, challenges and opportunities of our region.

We specialise in training that provides your apprentice or trainee with a solid knowledge base and work readiness skills. This may be done on-campus, online, on-the-job, or a combination of all delivery methods. Your employee's apprenticeship or traineeship will be developed in consultation with you, the employer. This approach features more flexible options, backed by extra support services.

FINANCIAL INCENTIVES

The Australian Government provides employers with financial incentives to employ apprentices/trainees including school-based apprentices, adult apprentices and out of contract apprentices. The State Government also provides payroll tax exemptions for employers of apprentices and trainees.

EMPLOYING AN APPRENTICE OR TRAINEE

You can employ an apprentice/trainee directly or become a host employer through a Group Training Organisation (GTO). The GTO employs the apprentice or trainee and hosts them to suitable businesses. GTOs offer a range of support to your business such as ongoing mentoring, pre-employment programs, hiring and placement of candidates. GTOs are also helpful if you cannot guarantee work for the full term of the apprenticeship or traineeship, or do not want the additional administrative workload. An employer can recruit an apprentice or trainee in the same way you would recruit other employees.

To sign up an apprentice or trainee, please contact one of the AASN providers listed below.

Youth Options

TRAINING AT NORTH REGIONAL TAFE CAN OPEN UP A WORLD OF OPPORTUNITIES IF YOU ARE **STILL AT SCHOOL** AND LOOKING TO GET A HEAD START IN YOUR CAREER.

VET DELIVERED TO SECONDARY STUDENTS

The VET delivered to secondary students program enables students to undertake VET training as part of their senior secondary education.

The VET delivered to secondary students program at NR TAFE is available to all high school students in the Kimberley and Pilbara who would like to gain a qualification while they are at school. Students in years 11 and 12 can complete courses while working towards their Western Australian Certificate of Education (WACE).

WHY SHOULD I TAKE PART IN THE VET DELIVERED TO SECONDARY STUDENTS PROGRAM?

- You have the opportunity to obtain a nationally recognised qualification, skill set or part qualification while still at school
- You will gain real life experience with industry experts, developing your work, employability and life skills
- The VET delivered to secondary students program gives you a head start in other nationally recognised qualifications and broadens your career options
- You will increase your self-esteem, confidence and communication skills
- VET courses delivered as part of this program can pathway into immediate employment or further education including diplomas or university studies
- Free or low cost training

SCHOOL BASED TRAINEESHIPS/ APPRENTICESHIPS

NR TAFE offers programs whereby students can start as a trainee or apprentice while still at school. School Based Apprenticeships and Traineeships are paid employment-based training arrangements formalised in a National Training Contract made between the employer and the student (and guardian). School Based Apprenticeships or Traineeships are available as part of the VET delivered to secondary students program.

Students will undertake a variety of study at school, training with NR TAFE and will be contracted to work and train with an employer. This gives students the chance to complete the requirements of a nationally recognised qualification, while still graduating from school with their WACE.

Students undertaking a School Based Traineeship or Apprenticeship under the VET delivered to secondary students program with NR TAFE are exempt from tuition, resource and enrolment fees. Depending on the qualification, students may be required to purchase personal protective equipment and/or textbooks.

HOW TO ENROL IN A VET DELIVERED TO SECONDARY STUDENTS QUALIFICATION

- Students must first be enrolled and attending high school in year 11 or 12
- Make an appointment to speak to your school's VET coordinator about the VET qualifications available to senior students at your school
- Discuss career goals with parents/caregivers and teachers, then advise your school VET coordinator of your preferences
- Apply to your school to secure a place

Please remember that places are limited in the VET delivered to secondary students program. Unfortunately, not every qualification may be available where you live and available courses may change. Delivery of qualifications is also dependent on viable class sizes and the facilities available at each campus.

ABORIGINAL SCHOOL BASED TRAINING

Aboriginal School Based Training (ASBT) provides opportunities for Aboriginal students in years 10 – 12 to gain a VET qualification. Students learn about the world of work, workplace expectations, explore careers and training areas, as well as undertake real or simulated work projects. The training is specifically designed to be engaging and encourages students to go into further training, a traineeship or employment. Schools need to apply for placements under ASBT through their school sector representative.

PRE-APPRENTICESHIPS IN SCHOOL

Pre-Apprenticeships in School (PAIS) is made up of Certificate II programs that have been nominated by Western Australian training councils as valid pathways from school to related apprenticeships. Students attend school, train at TAFE and are linked to an employer for work placement. Students must complete a work placement as nominated in the pre-apprenticeship program. NR TAFE will coordinate work placements in partnership with the schools. Students undertaking a PAIS program are exempt from tuition, resource and enrolment fees. However, depending on the qualification, students may be required to purchase personal protective equipment and/or text books.

LEAVING SCHOOL – NOTICE OF ARRANGEMENT

For young people in years 11 and 12, there are a range of approved education options available which meet the *School Education Act 1999*. Students can leave school as long as they participate in an approved study/training option considered full time. This means students can study at TAFE full time, do a combination of TAFE and employment, or even take on an apprenticeship or traineeship. NR TAFE offers engagement programs, certificates in general education to improve numeracy and literacy, full and part qualifications, and skill sets. School aged students (15-18 years) not enrolled at school are eligible for a concession rate and fee cap.

MORE INFORMATION

For more information on youth options and courses available to school students, including VET delivered to secondary students funded qualifications, please visit our website or speak to NR TAFE's dedicated School Delivery Coordinators.

PILBARA REGION VETISPilbara@nrtafe.wa.edu.au

Aquaculture, Maritime and Logistics

North Regional TAFE's Aquaculture, Maritime and Logistics area encompasses qualifications in aquaculture, fishing operations, logistics and warehousing, and maritime studies.

Our tropical aquaculture facility in Broome offers state of the art training to aspiring aquaculturists and those with a keen interest in the marine ecosystem, with qualifications focusing on the cultivation and production of marine finfish, crustaceans, molluscs, aquatic plants, and other commercially important and fascinating species.

Our Broome campus is also home to one of the most advanced maritime training, research and development facilities in the country, which provides simulated maritime training, and services for new and existing port development research and design projects. We offer a suite of maritime qualifications to progress through, in addition to a range of skill sets.

Logistics and Warehousing are essential to the developing resources sector in North Western Australia and our qualifications will provide you with the skills to excel in this industry.

Qualifications marked with these icons are part of the Skills Ready initiative. Please see page 09 for details or visit our website for eligibility criteria.

Agriculture, Animals, Science and the Environment

Do you have a connection with the great outdoors? Pursue a career that gives you the freedom to work amongst nature and some of its remarkable creatures.

The wildly diverse agriculture industry covers studies in animal husbandry, land and pasture management, horse care, nutrition and health, property maintenance, and machine operation.

Our qualifications in conservation and land management provide an opportunity to experience some of nature's greatest gifts while learning

about natural and cultural resources, land rehabilitation and native plant propagation. Participants also have the opportunity to undertake environmental monitoring, field research, fire management, ecology, and bushcraft.

Our suite of horticulture qualifications will guide you through the propagation

and maintenance of nursery plants, through to the installation of food gardens, pest and disease treatment, and the use of a range of horticultural equipment.

Qualifications marked with these icons are part of the Skills Ready initiative. Please see page 05 for details or visit our website for eligibility criteria.

English, Languages and Foundation Studies

English and foundation studies courses are suitable for both students who come from an English-speaking background and those who speak English as a second language. Our English courses cater for students from non-English speaking backgrounds who want to understand, speak, read and write in English. Our foundation studies courses help students to boost their confidence and employability skills.

Our foundation studies courses assist students to develop their personal, social and employability skills. These qualifications encompass career development, leadership and pre-employment training, enabling learners to go onto further study or find employment.

Our English language courses help learners to develop skills in speaking, listening, reading, writing, grammar and word pronunciation. Students will learn English within the context of living in Australia and gain a greater insight into Australian society, customs and practices.

NR TAFE offers International English Language Testing System (IELTS) preparation training and a subsequent test centre for students to sit the IELTS exam with the University of Western Australia.

For more English courses, please turn to the skill sets and short courses section on pages 23 – 28.

Health, Beauty and Fitness

Do you have a desire to make people look and feel their best on the inside and out? Take the leap towards a career in the health, beauty and fitness industries.

This broad and exciting study area encompasses qualifications in beauty therapy, hairdressing, enrolled nursing, fitness and sport development.

NR TAFE's hair and beauty salons in Karratha and Broome are equipped with all the tools students need to build practical skills in the hair or beauty industry. The refurbished training salons encompass modern hairdressing, beauty therapy,

massage, spray tanning and manicure stations.

Our industry standard Health and Community Training Centre at Pundulmurra offers students the opportunity to gain hands-on, practical experience in a simulated hospital wing.

The facility encompasses a hospital ward, a nurses' station, patient

examination and treatment rooms, classrooms and a viewing area for lecturer observation of practical assessments.

Tap into your passion for fitness and the outdoors. Our qualifications in fitness and sport development can set you on a path to becoming a qualified personal trainer, sports coach, facility coordinator or manager.

Qualifications marked with these icons are part of the Skills Ready initiative. Please see page 05 for details or visit our website for eligibility criteria.

Hospitality, Tourism and Events

Seeking a job that can take you places? Consider a career in the dynamic hospitality, tourism and events industries and land employment anywhere in the world!

Our industry-standard training restaurant, based off-campus in the heart of Broome, supports students to gain real industry experience in the areas of front-of-house, kitchen operations and commercial cookery. Become a qualified chef with our commercial cookery course, or explore the possibilities within the hospitality industry.

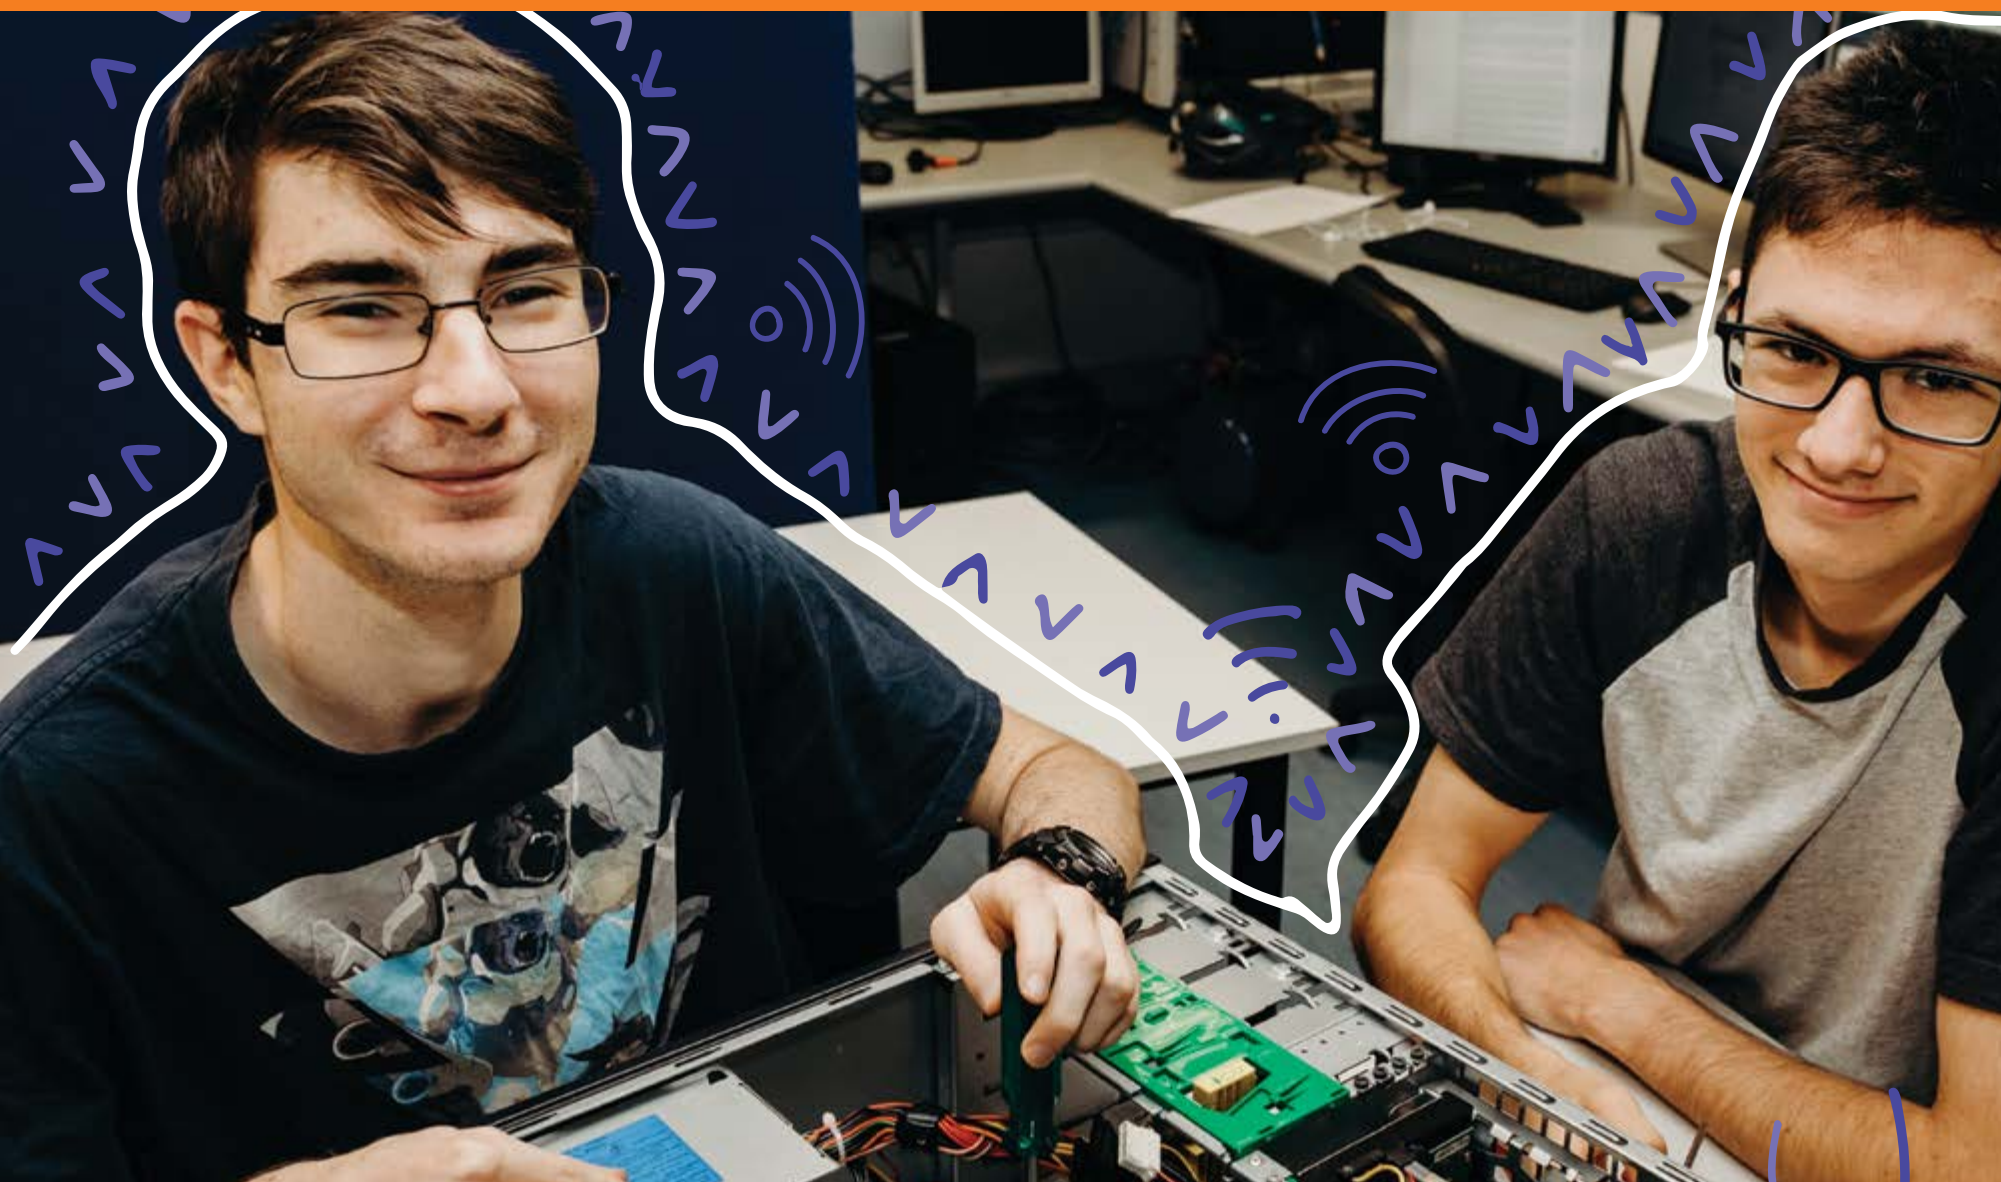

If your passion lies in exploring and sharing knowledge, consider a career in tourism and travel, with our Certificate I – Diploma level courses.

Qualifications marked with these icons are part of the Skills Ready initiative. Please see page 05 for details or visit our website for eligibility criteria.

^ Available at other campus locations by request

NATIONAL ID	QUALIFICATION	LOCATION	CAREER OPPORTUNITIES
COMMERCIAL COOKERY			
 SIT20416	Certificate II in Kitchen Operations	Broome ^	Kitchen hand, assistant cook, short order cook, apprentice/trainee cook
 SIT30816	Certificate III in Commercial Cookery	Broome ^	Qualified cook, head chef
HOSPITALITY			
SIT10216	Certificate I in Hospitality	Broome, Kununurra ^	Food and beverage attendant, kitchen hand, room attendant, bar/bottle-shop attendant
SIT20316	Certificate II in Hospitality	Broome, Kununurra ^	Food and beverage attendant, kitchen hand, room attendant, bar/bottle-shop attendant, barista
 SIT30616	Certificate III in Hospitality	Broome ^	Front office receptionist, food and beverage attendant, bar/bottle-shop attendant, barista, gaming attendant, housekeeper
SIT40416	Certificate IV in Hospitality	Broome ^	Food and beverage supervisor, Front officer supervisor, gaming supervisor, concierge
SIT50416	Diploma of Hospitality Management	Broome ^	Function manager, restaurant manager, front office manager
TOURISM AND TRAVEL			
SIT10116	Certificate I in Tourism (Australian Indigenous Culture)	Broome ^	Trainee
SIT20116	Certificate II in Tourism	Broome, Kununurra ^	Office worker for tourism business
 SIT30116	Certificate III in Tourism	Broome ^	Tour guide, tourism services coordinator
SIT50116	Diploma of Travel and Tourism Management	Broome ^	Travel agency manager, tourism officer, tourism manager, operations manager, visitor information centre manager
 SIT30316	Certificate III in Guiding	Broome ^	Tour guide

Information Technology, Library and Digital

Secure a career in an industry that is constantly evolving with the advance of modern technology. Start your journey here at North Regional TAFE with a qualification in Information Technology.

Keep up to date with the world's latest technological advancements and be a part of the process by developing your skills in networking, cloud computing, systems maintenance and systems support.

Study in this field provides students with the skills required to work in technical and client support roles, or as a help desk, IT or network operations technician.

Qualifications marked with these icons are part of the Skills Ready initiative. Please see page 05 for details or visit our website for eligibility criteria.

**FLEXIBLE AND
CUSTOMISABLE**

Skill Sets

Skill sets are made up of one or more units of competency, link directly to an industry need or regulatory requirement, and result in a nationally recognised Statement of Attainment. Some skill sets also count towards a higher qualification, should you wish to undertake further study at a later date.

**NATIONALLY
RECOGNISED
ACCREDITATION**

CODE	SKILL SET	DURATION	OUTCOME
AQUACULTURE, MARITIME AND LOGISTICS			
IAC98 	Coxswain Engineering Skill Set MARB027 Perform basic servicing and maintenance of main propulsion unit and auxiliary systems MARC038 Operate main propulsion unit and auxiliary systems	4 days	Knowledge of basic marine engineering. Partial completion of a MAR20318 Certificate II in Maritime Operations (Coxswain Grade 1 Near Coastal).
IAC99 	Coxswain Navigation Skill Set MARH013 Plan and navigate a passage for a vessel up to 12 metres	5 days	Navigational skills for recreational and commercial vessel operators. Partial completion of a MAR20318 Certificate II in Maritime Operations (Coxswain Grade 1 Near Coastal).
IAC97 	Coxswain Vessel Operations and Environmental Practice Skill Set MARI003 Comply with regulations to ensure safe operation of a vessel up to 12 metres MARK007 Handle a vessel up to 12 metres MARN008 Apply seamanship skills aboard a vessel up to 12 metres MARC037 Operate inboard and outboard motors MARJ006 Follow environmental work practices	5 days	The necessary points to safely operate and manoeuvre a vessel to 12m in length following domestic regulations. This skill set is a fundamental component of both the Coxswain Grade 2 and Coxswain Grade 1 qualifications.
IAC96 	Elements of Shipboard Safety (ESS) Skill Set MARF027 Apply basic survival skills in the event of vessel abandonment MARF028 Follow procedures to minimise and fight fires on board a vessel MARF029 Meet work health and safety requirements MARF030 Survive at sea using survival craft	3 days	Knowledge of emergency procedures required to survive at sea if disaster strikes. Partial completion of a Certificate I, II and III in Maritime Operations.
IAC29	Enterprise Safety Skill Set TLIF1001 Follow occupational health and safety procedures TLID1001 Shift materials safely using manual handling methods TLIL1001 Complete workplace orientation/induction procedures	2 days	Fundamental occupational health and safety knowledge required to operate in a logistics role. Partial completion of a TLID20119 Certificate II in Warehousing Operations.
IAA54	Load and Unloads Goods/Cargo Skill Set TLID2004 Load and unload goods/cargo	1 day	Understanding of key logistical regulations and requirements.
IAB06	Logistics - Dangerous Goods Awareness Advanced Skill Set TLIA2014 Use product knowledge to complete work operations TLID2003 Handle dangerous goods/hazardous substances TLIE0002 Process workplace documentation TLIU2012 Participate in environmentally sustainable work practices	3 days	Knowledge of dangerous goods and hazardous substances within the workplace. Partial completion of a TLID20119 Certificate II in Warehousing Operations.
IAD52	Logistics - Dangerous Goods Awareness Skill Set TLID2003 Handle dangerous goods/hazardous substances	1 day	Ability to identify and navigate safety data sheets, and pack and document dangerous goods safely.
AE145/ AE157 	Logistics and Warehousing Skill Set HLTINFCOV001 Comply with infection prevention and control policies and procedures TLIA2044 Carry out delivery operations TLID1001 Shift materials safely using manual handling methods TLID2010 Operate a forklift TLILIC0003 Licence to operate a forklift truck	1 week	Knowledge about relevant legislation and regulations, ability to successfully operate a forklift, shift loads safely, and undertake manual handling operations.
IAD01 	Marine Engine Driver (MED II) Skill Set BSBWOR203 Work effectively with others MARB031 Maintain marine internal combustion engines, propulsion plant and auxiliary systems MARC033 Complete engine room tasks MARC034 Maintain hull out of water MARC035 Operate and maintain extra low and low voltage electrical systems and equipment MARC036 Operate deck machinery MARC039 Operate marine internal combustion engines, and propulsion and auxiliary systems MARJ006 Follow environmental work practices MARC040 Manage fuel systems MARC041 Operate and monitor marine internal combustion engines, propulsion plant and auxiliary systems MARC042 Operate electrical systems MARB032 Undertake basic maintenance of electrical systems	12 days	Skills in the operation, servicing and maintenance of vessels. Partial completion of a MAR30818 Certificate III in Maritime Operations (Marine Engine Driver Grade 2 Near Coastal).

Skill sets marked with these icons are part of the Skills Ready initiative. Please see page 05 for details or visit our website for eligibility criteria.

CODE	SKILL SET	DURATION	OUTCOME
AC870	Marine Radio Skill Set MARC043 Transmit and receive information by marine radio	2 days	Ability to correctly operate a marine radio. Partial completion of a MAR30918 Certificate III in Maritime Operations (Master Up To 24 Metres Near Coastal) .
IAD04 	Master 24 Navigation Watchkeeping Skill Set MARH015 Manage and maintain a navigational watch on board vessels up to 80 metres MARH016 Plan and navigate a passage for a vessel up to 80 metres MARH017 Use wheelhouse equipment for safe navigation	7 days	Ability to maintain a bridge watch, manage crew on watch and execute a range of other tasks while anchored and at sea. Partial completion of a MAR30918 Certificate III in Maritime Operations (Master up to 24 Metres Near Coastal).
IAD36 	Master 24 Seamanship Skill Set MARI004 Observe regulations to ensure safe operation of a vessel up to 80 metres MARJ007 Monitor environmental management on a vessel MARK008 Manoeuvre a vessel up to 24 metres within Near Coastal waters MARN009 Perform seamanship operations on board a vessel up to 24 metres	4 days	Ability to apply a range of seamanship skills. Partial completion of a MAR30918 Certificate III in Maritime Operations (Master Up To 24 Metres Near Coastal).
IAD35 	Master 24 Ship Knowledge Skill Set BSBFLM303 Contribute to effective workplace relationships MARB029 Perform routine maintenance on a vessel up to 24 metres MARB030 Slip or dock a vessel and maintain hull on a vessel up to 80 metres	4 days	Ability to sufficiently maintain a vessel up to 24 metres in length. Partial completion of a MAR30918 Certificate III in Maritime Operations (Master Up To 24 Metres Near Coastal).
IAD77	Principles of Logistics Skill Set TLIA2021 Despatch stock TLIA2013 Receive goods TLIA3017 Identify products and store to specifications	2 days	Fundamental knowledge of logistics and warehousing operations, in compliance with heavy vehicle transport legislation. Partial completion of a TLI21815 Certificate II in Logistics.
IAB03	Social Diversity and Communication Skill Set BSBCUS201 Deliver a service to customers TLIG2007 Work in a socially diverse environment TLIE2007 Use communication systems TLIK2003 Apply keyboard skills	3 days	Logistical skills to work in a socially diverse industry, providing service and communication to consumers. Partial completion of a TLI20419 Certificate II in Warehousing Operations.
IAD96	Supply Chain - Forklift and Chain of Responsibility Skill Set TLID2010 Operate a forklift TLIF0001 Apply chain of responsibility legislation, regulations and workplace procedures	2 days	Knowledge of transport tasks the skills and knowledge to operate a forklift. Partial completion of a TLI20119 Certificate II in Logistics.

AGRICULTURE, ANIMALS, SCIENCE AND THE ENVIRONMENT

IAA21	4WD Training Skill Set RIIVEH305E Operate and maintain a 4WD vehicle	2 days	Ability to operate and maintain a 4WD in off-road conditions.
IAA02 	Chainsaw - Kimberley Skill Set AHCMM213 Operate and maintain chainsaws AHCPCM203 Fell small trees AHCVHS201 Participate in work health and safety processes	1-2 days	Ability to safely operate a chainsaw.
IAD80 	Chainsaw - Pilbara Skill Set AHCVHS201 Participate in work health and safety processes AHCMM213 Operate and maintain chainsaws FWPCOT2239 Trim and cut felled trees	3 days	Ability to safely operate a chainsaw.
IAA84 	Chemical Handling (Certificate II level) Skill Set AHCPMG201 Treat weeds AHCVHS201 Participate in work health and safety processes AHCCHM201 Apply chemicals under supervision	3 days	Introductory skills in working with chemicals for horticulture and land management.
IAA09 	Chemical Handling Skill Set AHCCHM304 Transport and store chemicals AHCPMG301 Control weeds AHCCHM307 Prepare and apply chemicals to control pest, weeds and diseases	3 days	Ability to safely apply, transport and store chemicals to meet regulations.
IAC90	Dry Season Veggies Skill Set AHCIRG215 Assist with low volume irrigation operations AHCNSY201 Pot up plants AHCPGD201 Plant trees and shrubs AHCPGD203 Prune shrubs and small trees	10 days	Development of a dry season fruit and vegetable garden, including tree pruning and cultivation of local bush foods, such as Gubinge.
IAA49	Operate Firefighting Equipment Skill Set TLIF2018 Operate firefighting equipment	1 day	Ability to operate firefighting equipment in accordance with relevant codes of practice.
IAD19 	Plant Propagation and Care Skill Set AHCNSY202 Care for nursery plants AHCNSY203 Undertake propagation activities	5-10 days	Ability to grow and care for your nursery plants

  Skill sets marked with these icons are part of the Skills Ready initiative. Please see page 05 for details or visit our website for eligibility criteria.

CODE	SKILL SET	DURATION	OUTCOME
AE139 AE151 	Work in Agriculture Skill Set AHCCHM304 Transport and store chemicals AHCPMG301 Control weeds AHCCHM307 Prepare and apply chemicals to control pest, weeds and diseases AHCWHS301 Contribute to work health and safety processes AHCMM202 Operate tractors AHCMM304 Operate machinery and equipment AHCWRK204 Work effectively in the industry	3 weeks	Ability to prepare and operate relevant agriculture, horticulture and land management machinery and equipment in a safe manner, chemical application, and knowledge of work, health and safety procedures.

AUTOMOTIVE

IAC47	Automotive Air Conditioning Skill Set AURETU003 Service air conditioning and HVAC systems AURETU004 Diagnose and repair air conditioning and HVAC systems	3-4 days	Ability to fit, retrofit and service automotive air conditioning systems.
-------	---	----------	---

BUILDING AND CONSTRUCTION

IAD91 	Demolition Skill Set CPCCCM2009A Carry out basic demolition CPCCOHS2001A Apply OHS requirements, policies and procedures in the construction industry	1-2 days	Ability to safely carry out general demolition of minor building structures.
IAC81 	Confined Space Gas Testing Skill Set MSMWH5217 Gas test atmospheres RIIWH5202D Enter and work in confined spaces	2 days	Ability to undertake gas testing and to enter and work safely in confined spaces.
IAA25 	Dogging Skill Set CPCCLDG3001A Licence to perform dogging	3-5 days	Licence for dogging.
IAA27 	Elevated Work Platform Skill Set TLILIC0005 Licence to operate a boom-type elevating work platform (boom length 11 metres or more)	2 days	Licence to operate a boom-type elevating work platform.
IAA28 	Excavator Skill Set RIIMPO320F Conduct civil construction excavator operations	5 days	Ability to conduct civil construction excavator operations.
IAA07	Forklift Skill Set TLILIC0003 Licence to operate a forklift truck	2 days	Licence to operate a forklift.
IAA93 	Front End Loader Skill Set RIIMPO321F Conduct civil construction wheeled front end loader operations	5 days	Skills and knowledge to conduct civil construction wheeled front end loader operations.
IAA33 	Gas Test Atmospheres Skill Set MSMWH5217 Gas test atmospheres	1-2 days	Skills and knowledge to test the working atmosphere using an electronic test apparatus.
IAA95 	Grader Operations Skill Set RIIMPO324E Conduct civil construction grader operations	4 days	Learn how to operate a grader.
IAA22 	Rigging Basic Skill Set CPCCLRG3001A Licence to perform rigging basic	5 days	Licence to perform rigging basic (RB).
IAA19 	Skidsteer Loader Operations Skill Set RIIMPO318D Conduct civil construction skid steer loader operations	4 days	Ability to operate a bobcat/skidsteer.
IAA47 	Telehandler Skill Set RIIHAN309D Conduct telescopic materials handler operations	5 days	Ability to conduct telescopic materials handler operations.
IAD22 	Tracked Front End Loader Skill Set RIIMPO322E Conduct civil construction tracked front end loader operations	4 days	Ability to operate a track front end loader safely and efficiently.
IAA03 	Traffic Management Skill Set RIIWH5205D Control traffic with stop-slow bat RIICOM201D Communicate in the workplace RIIWH5201D Work safely and follow WHS procedures RIIWH5302D Implement traffic management plan	3 days	Ability to implement traffic management plans.
IAA04 	White Card Skill Set CPCCWHS1001 Prepare to work safely in the construction industry	4.5 hours	Ability to work safely on a construction site.

  Skill sets marked with these icons are part of the Skills Ready initiative. Please see page 05 for details or visit our website for eligibility criteria.

CODE	SKILL SET	DURATION	OUTCOME
AE159/ AE162 	Work Safety in Construction Skill Set CPCCWHS2001 Apply WHS requirements, policies and procedures in the construction industry CPCCWHS1001 Prepare to work safely in the construction industry CPCCCM2005B Use construction tools and equipment CPCCCM2006 Apply basic levelling procedures CPCCCM1012 Work effectively and sustainably in the construction industry CPCCVE1011A Undertake a basic construction project	2 weeks	Job ready for entry level roles in the construction field.
IAA26 	Working in Confined Spaces Skill Set RIIWH5202D Enter and work in confined spaces	2 day	Ability to enter and work safely in confined spaces.

IAA20 	Working Safely at Heights Skill Set RIIWH5204D Work safely at heights	1 day	Ability to work safely at heights in the resources and infrastructure industry.
------------------	---	-------	---

BUSINESS AND FINANCE

AE137/ AE149 	Business Ready Skill Set BSBWHS201 Contribute to health and safety of self and others BSBCUS201 Deliver a service to customers BSBITU211 Produce digital text documents BSBWOR202 Organise and complete daily work activities BSBWOR204 Use business technology	2 weeks	Ability to deliver multiple aspects of customer service, produce business documents, use computer software and follow work health and safety and emergency procedures.
-----------------------------------	---	---------	--

AE188 	Infection Control Skill Set BSBWHS332X Follow infection prevention and control policies and procedures in own work activities	1-2 days	Ability to reduce the risk and transmission of infection while carrying out routine work activities in their job role.
------------------	---	----------	--

IAC84	Introduction to Computers Skill Set BSBITU111 Operate a personal digital device BSBITU112 Develop keyboard skills BSBITU211 Produce digital text documents	1 day	Knowledge of basic computer operations using the Microsoft Office Suite.
--------------	--	-------	--

IAC53	Manage Conflict Skill Set BSBCUS301 Deliver and monitor a service to customers BSBFLM312 Contribute to team effectiveness BSBWOR301 Organise personal work priorities and development SITXCOM005 Manage conflict	4 days	Skills and knowledge required to deal with client complaints.
--------------	---	--------	---

IAA36	Microsoft Excel Introduction Skill Set BSBITU212 Create and use spreadsheets	1 day	Introductory skills in Microsoft Excel, including formula building techniques, sound formatting and design principles.
--------------	--	-------	--

IAA40	Microsoft Excel Intermediate Skill Set BSBITU314 Design and produce spreadsheets	1 day	Intermediate skills in Microsoft Excel, including the ability to produce effective and productive workbooks.
--------------	--	-------	--

IAA34 	Microsoft Excel Advanced Skill Set BSBITU402 Develop and use complex spreadsheets	2 days	Advanced skills in Microsoft Excel, including advanced analysis and automation tools for business management and analysis needs.
------------------	---	--------	--

IAA37	Microsoft Outlook Introduction Skill Set BSBITU213 Use digital technologies to communicate remotely	1 day	Basic skills in Microsoft Outlook, including sending emails, accessing calendar and contacts.
--------------	---	-------	---

IAA39	Microsoft Word Intermediate Skill Set BSBITU313 Design and produce digital text documents	1 day	Intermediate skills in Microsoft Word, including the ability to produce intricate and varied documents.
--------------	---	-------	---

IAA35	Microsoft Word Introduction Skill Set BSBITU211 Produce digital text documents	1 day	Introductory skills in Microsoft Word, including the ability to create, format and print simple documents.
--------------	--	-------	--

IAA64	MYOB Bookkeeping Skill Set FNSACC416 Set up and operate a computerised accounting system	3 hours x 9 weeks	Ability to use MYOB for cash and accrual accounting, including reconciliations, debtors and creditors, and reporting.
--------------	--	----------------------	---

IAA63	MYOB Payroll and BAS Skill Set FNSTPB402 Establish and maintain payroll systems	3 hours x 9 weeks	Ability to use MYOB for payroll, BAS processing and BAS Agent registration.
--------------	---	----------------------	---

IAD28	MYOB Workshop Skill Set FNSACC312 Administer subsidiary accounts and ledgers	2 days	A basic understanding of popular bookkeeping software, MYOB.
--------------	--	--------	--

AE150	Operating a Small Business Skill Set BSBITU306 Design and produce business documents BSBITU313 Design and produce digital text documents BSBITU314 Design and produce spreadsheets BSBSMB402 Plan small business finances BSBWHS307 Apply knowledge of WHS laws in the workplace ICTWEB201 Use social media tools for collaboration and engagement	3 weeks	Ability to design and produce business documents and publications, develop spreadsheets, identify financial requirements, utilise social media tools and understand workplace health and safety (WHS) legislation and its application to safe work practices.
--------------	---	---------	---

CODE	SKILL SET	DURATION	OUTCOME
IAB39 	OSH for Supervisors Skill Set BSBWHS401 Implement and monitor WHS policies, procedures and programs to meet legislative requirements	2 days	Knowledge of the legal responsibilities required for workplace OSH supervisors

IAC66 	Workplace Leadership Skill Set BSBLDR402 Lead effective workplace relationships BSBLDR403 Lead team effectiveness BSBMGT401 Show leadership in the workplace BSBLDR404 Lead a diverse workplace	4 days	Skills to become a successful workplace leader.
------------------	--	--------	---

IAA66	XERO Bookkeeping Skill Set FNSACC416 Set up and operate a computerised accounting system	2 days	Skills and knowledge required to establish, operate, and modify integrated computerised accounting system, XERO.
--------------	--	--------	--

IAD24	Xero Introduction Skill Set FNSACC304 Conduct business activities using a computerised accounting system	1 day	A basic understanding of popular bookkeeping software XERO.
--------------	--	-------	---

CREATIVE INDUSTRIES

IAD10	Ceramics Introduction Skill Set CUVCER201 Develop ceramic skills CUAPPR101 Use ideas and techniques to develop creative work	Term/ Semester	Basic skills in the creation of ceramic artwork pieces.
--------------	---	-------------------	---

IAD59	Creative Bookbinding - Beginners Skill Set BSBDES202 Evaluate the nature of design in a specific industry context BSBWHS201 Contribute to health and safety of self and others	Term/ Semester	Introductory skills in basic bookbinding.
--------------	---	-------------------	---

IAD60	Creative Bookbinding - Intermediate Skill Set BSBSMB201 Identify suitability for micro business BSBWHS201 Contribute to health and safety of self and others	Term/ Semester	Intermediate skills in basic bookbinding.
--------------	---	-------------------	---

IAD61	Creative Bookbinding - Advanced Skill Set BSBDES304 Source and apply design industry knowledge BSBWHS201 Contribute to health and safety of self and others	Term/ Semester	Advanced skills in basic bookbinding.
--------------	--	-------------------	---------------------------------------

IAB79	Encaustic Painting Skill Set BSDES302 Explore and apply the creative design process to 2D forms BSBWOR203 Work effectively with others	Term/ Semester	Ability to paint using hot wax, known as encaustic painting.
--------------	---	-------------------	--

IAC95	Fibre Coiling Skill Set CUAPPR201 Make simple creative work	Term/ Semester	Ability to use traditional and contemporary coiling techniques using natural and man-made fibres.
--------------	---	-------------------	---

IAD62	Making Marks on Paper - Beginners Skill Set CUAACD101 Use basic drawing techniques BSBWHS201 Contribute to health and safety of self and others CUAPPR101 Use ideas and techniques to develop creative work	1 day/week	Knowledge of basic drawing techniques.
--------------	---	------------	--

IAD63	Making Marks on Paper - Intermediate Skill Set CUAACD201 Develop drawing skills to communicate ideas BSBWHS201 Contribute to health and safety of self and others CUADRA201 Develop drawing skills	1 day/week	Intermediate skills in drawing techniques.
--------------	--	------------	--

IAD64	Making Marks on Paper - Advanced Skill Set CUAACD301 Produce drawings to communicate ideas CUADRA301 Produce drawings	1 day/week	Advanced skills in drawing techniques.
--------------	--	------------	--

IAB08	Painting Skill Set CUAPAI201 Develop painting skills	Term/ Semester	Artistic skills in painting.
--------------	--	-------------------	------------------------------

IAD68	Paper and Cane Sculpture - Beginner Skill Set BSBWHS201 Contribute to health and safety of self and others CUAPPR101 Use ideas and techniques to develop creative work	Term/ Semester	Introductory skills in 3D fibre sculpture construction with grass animals.
--------------	---	-------------------	--

IAD69	Paper and Cane Sculpture - Intermediate Skill Set BSBWHS201 Contribute to health and safety of self and others CUAPPR201 Make simple creative work CUASCU201 Develop sculptural skills	Term/ Semester	Intermediate skills in 3D fibre sculpture construction with grass animals.
--------------	--	-------------------	--

IAD70	Paper and Cane Sculpture - Advanced BSBDES302 Explore and apply the creative design process to 2D forms CUAPPR301 Produce creative work	Term/ Semester	Advanced skills in 3D fibre sculpture construction with grass animals.
--------------	--	-------------------	--

IAD56	Printmaking on Paper - Beginners Skill Set BSBWHS201 Contribute to health and safety of self and others CUAPRI201 Develop printmaking skills	Term/ Semester	Basic skills to produce unique state prints.
--------------	---	-------------------	--

Skill sets marked with these icons are part of the Skills Ready initiative. Please see page 05 for details or visit our website for eligibility criteria.

Skill sets marked with these icons are part of the Skills Ready initiative. Please see page 05 for details or visit our website for eligibility criteria.

CODE	SKILL SET	DURATION	OUTCOME
IAD57	Printmaking on Paper - Intermediate Skill Set	Term/ Semester	Intermediate skills to produced unique state prints.
	BSBDES201 Follow a design process		
	BSBWHS201 Contribute to health and safety of self and others		
	CUAIND201 Develop and apply creative arts industry knowledge		
IAD58	Printmaking on Paper - Advanced Skill Set	Term/ Semester	Advanced skills to produced unique state prints.
	BSBWHS201 Contribute to health and safety of self and others		
	CUAPRI301 Produce prints		
	CUARES301 Apply knowledge of history and theory to own arts practice		
IAC91	Shibori Workshop Skill Set	Term/ Semester	Skills in Shibori, the ancient Japanese art of fabric dyeing.
	BSBDES201 Follow a design process		
	BSBDES202 Evaluate the nature of design in a specific industry context		
	BSBWHS201 Contribute to health and safety of self and others		
IAA68	Songwriting Skill Set	3 weekends	Knowledge of music composition and lyric development to produce original songs.
	CUAMCP301 Compose simple songs		
	CUAMCP302 Write song lyrics		
	CUACMP301 Implement copyright arrangements		
IAD53	Textile Printing - Beginners Skill Set	Term/ Semester	Introductory skills in the art of textile printing.
	BSBWHS201 Contribute to health and safety of self and others		
	CUAPRI201 Develop printmaking skills		
	CUATEX201 Develop skills in textile work		
IAD54	Textile Printing - Intermediate Skill Set	Term/ Semester	Intermediate skills in the art of textile printing.
	BSBWHS201 Contribute to health and safety of self and others		
	CUAIND201 Develop and apply creative arts industry knowledge		
	CUATEX301 Produce textile work		
IAD55	Textile Printing - Advanced Skill Set	Term/ Semester	Advanced skills in the art of textile printing.
	BSBWHS201 Contribute to health and safety of self and others		
	CUAPRI301 Produce prints		
	LMTTD4005A Produce screen printed textiles		
IAD65	Wall Tapestry - Beginners Skill Set	Term/ Semester	Introductory skills in the traditional and contemporary practice of woven tapestry.
	BSBWHS201 Contribute to health and safety of self and others		
	CUAPPR101 Use ideas and techniques to develop creative work		
IAD66	Wall Tapestry - Intermediate Skill Set	Term/ Semester	Intermediate skills in the traditional and contemporary practice of woven tapestry.
	BSBWHS201 Contribute to health and safety of self and others		
	CUAPPR201 Make simple creative work		
	CUASCU201 Develop sculptural skills		
IAD67	Wall Tapestry - Advanced Skill Set	Term/ Semester	Advanced skills in the traditional and contemporary practice of woven tapestry.
	BSBDES302 Explore and apply the creative design process to 2D forms		
	CUAPPR301 Produce creative work		

EDUCATION AND COMMUNITY SERVICES

TAESS 00014 	Enterprise Trainer - Presenting Skill Set	2 days	Ability to present to a class and provide workplace instruction within a vocational training environment.
	BSBCMM401 Make a presentation		
	TAEDEL301 Provide work skill instruction		
AE144/ AE156 	Provide Individual Support Skill Set	3 weeks	Skills to tend to a client's individual care, including complying with personal hygiene standards, preparing for and providing medication assistance and supporting a client to self-administer medication and safe work practices for the health and safety of yourself and your clients.
	CHCCCS011 Meet personal support needs		
	HLTINF001 Comply with infection prevention and control policies and procedures		
	HLTWHS005 Conduct manual tasks safely		
	HLTFSE001 Follow basic food safety practices		
	HLTHPS006 Assist clients with medication		
	HLTWHS002 Follow safe work practices for direct client care		
	CHCCCS015 Provide individualised support		
IAB69 	TAE Unit Upgrade Skill Set	3 Days + online	Completion of this course will allow participants who currently hold the TAE40110 Certificate IV in Training and Assessment to train and assess, as per the Standards for Registered Organisations 2015.
	TAEASS502 Design and develop assessment tools		
	TAELLN411 Address adult language, literacy and numeracy skills		

Skill sets marked with these icons are part of the Skills Ready initiative. Please see page 05 for details or visit our website for eligibility criteria.

CODE	SKILL SET	DURATION	OUTCOME
AE143/ AE155 	Work in Community Care Skill Set	7 weeks	Learn how to provide support in a community care setting. This course includes first aid, workplace safety, infection control, communicating effectively and providing a high standard of customer service.
	BSBWOR202 Organise and complete daily work activities		
	CHCCOM001 Provide first point of contact		
	CHCCOM005 Communicate and work in health or community services		
	CHCDIV001 Work with diverse people		
	HLTWHS001 Participate in workplace health and safety		
	HLTAID003 Provide first aid		
	HLTINF001 Comply with infection prevention and control policies and procedures		

ENGINEERING AND MINING

IAB16 	Tag and Test Electrical Appliances Skill Set	1-5 days	Ability to undertake testing and tagging of electrical equipment.
	UEENEEP026A Conduct in-service safety testing of electrical cord connected equipment and cord assemblies		
	UEENEEE101A Apply Occupational Health and Safety regulations, codes and practices in the workplace		

ENGLISH, LANGUAGES AND FOUNDATION SERVICES

AE136/ AE148 	Job Ready Basics Skill Set	4 weeks	Provides extra support and a confidence boost to get into a job. It focuses on health, wellbeing and personal development.
	GATTEC101A Technology for living		
	GATHAW101A Health and Wellbeing
